# a team approach

## MAKES THE DIFFERENCE

EARLY  
INTERVENTION  
IS THE KEY.

Action Onsite, Inc. utilizes a team-based approach in offering professional expertise in early intervention and ergonomics. We educate and provide training for both the employer and the employee in industrial safety and injury prevention.

“By identifying early symptoms, we can help to decrease worker’s compensation claims, and keep your worker safe and healthy.”

SONIA LOPEZ, PRESIDENT & CEO, ACTION ONSITE, INC.

Our innovative approach promotes lifestyle changes, creating a healthier balanced life for the industrial athlete. We help to:

- Decrease Worker’s Compensation Claims
- Decrease Lost Time
- Identify Potential Hazards
- Improve Work Habits, Posture & Endurance
- Create a Healthier and Safer Work Culture
